

Upstream interaction

- **fact f**
operational, task-relevant
- **rule b**
audience / use constraint

*handoff
compression*

Handoff artifact

- **f survives**
 σ_{op} near ceiling
- **b weakened**
or dropped: σ_b falls

*downstream
generation*

Audience-facing output

- **f now unconstrained**
no trace a rule ever applied
- ⚠ **leakage risk**
externally observable harm

Summary collapse:

*facts survive;
rules disappear.*
